6 Changed in - Atomiton Terminal Loading and Distribution Solution - V1.0.0.x

MVP Functionality.

7 Changed in Atomiton - Terminal Loading and Distribution Solution - V1.1.1.x

7.1 CL-1457

Short Description:

| -> Terminal Planner :: Delivery - Change 'On Transit' to 'In Transit'

Detailed Description:

Corrects a minor typo in the center header text in the upper part of the Delivery pane.

7.2 CL-1455

Short Description:

Filling empty compartments with line-items of lower priority orders

Detailed Description:

After filling truck with min quantity line-items then if there are any compartments remaining available, ATMOS shall attempt to utilize them with lower priority order line-items.

7.3 CL-1308

Short Description:

Truck with no order assignment should be visible in |-> :: Terminal Planner :: Truck Schedule - pane

Detailed Description:

Historically only trucks associated with a trip was shown in the 'Truck Schedule' pane. This change enables the planner to additionally see remaining trucks available for scheduling but not currently associated with a trip.
